Department of Building & Housing Gives Hebel Supercrete Panel Cladding System the Official Stamp of Approval

The Only Cladding System to be Accredited by Department of Building & Housing in New Zealand

Hebel Supercrete's warranty and unique systemic approach creates peace of mind for both specifiers and homeowners

For your protection the Hebel Supercrete System is installed and coated by trained and certified trades people

Hebel Supercrete is environmentally friendly, warm in winter, cool in summer, creating a healthy home with real ambience

For further information on this cost effective system contact your local Hebel Supercrete Distributor and click on the website www.hebel.co.nz
